# RPD K9 Unit

The RPCF supports the RPD K9 Unit, which is funded entirely through community donations with no cost to the City's General Fund. The K9s assist police officers in enhancing public safety in the community through specialized training in detection and seizure of narcotics, apprehension of suspects, and bomb and explosive detection.

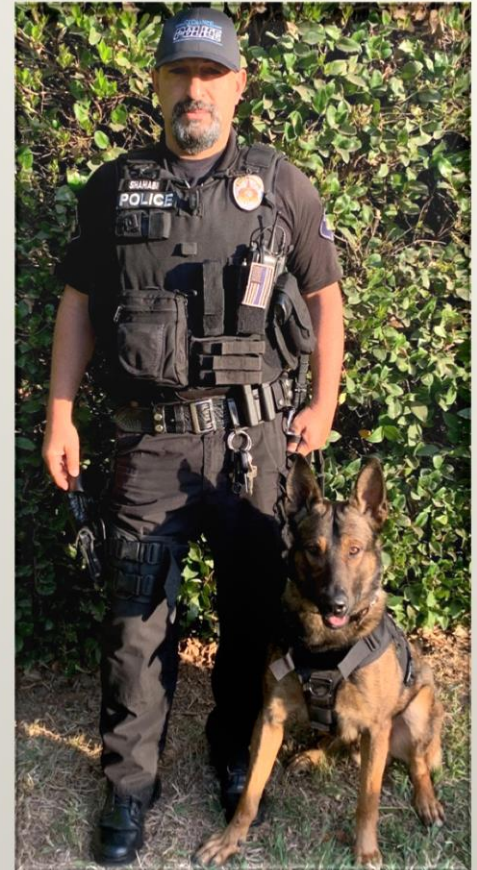

# RPD K9 Unit

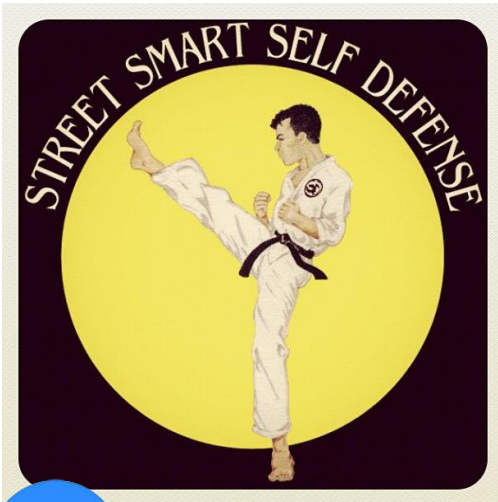

In December of 2020, in anticipation of the upcoming retirement of K9 Duke due to age and medical issues, the RPCF donated a police k9 to the RPD valued at \$11,852.50. The k9 was given the name “Jake” by a resident in a community naming contest. Jake is cross-trained in apprehension and bomb and explosion detection. He and his handler Officer Shahabi will provide enhanced protection to the community during daily patrols of the city and in the future at special events held in the City of Redlands.

# Youth Programs & Events

Public health restrictions and precautions of 2020 brought about unique challenges for many of the RPD community youth activities this year. Several RPCF-sponsored youth events were modified to be virtual or non-contact, including coloring contests, the Street Smart self-defense program, and numerous holiday events.

# Youth Programs & Events

Despite not being able to physically come together due to social distancing, the RPCF helped spread holiday cheer and recognized approximately 200 deserving children in the community with gifts and gift cards delivered to their homes by RPD officers in the month of December with the RPD “Blue Christmas” and Heroes & Helpers events.

# Thankful Drive-Thru Event

For several years, the RPCF & RPD have partnered with the City's Facilities and Community Services Department (FCSD) to engage in the community policing activity of serving a Thanksgiving lunch to senior citizens at the Joslyn Senior Center.

In 2020, the FCSD modified the event to adhere to local and state Public Health guidelines related to COVID-19. The event was a drive-in “thankful concert,” and a turkey lunch was served by police officers to the cars of approximately 200 attendees.
